REDCLIFF, ALBERTA, FRIDAY, FEBRUARY 6, 1914

NUMBER 6

NEARLY SUFFOCATED FROM GAS FUMES

**Family Awakened by Cries
of the Daughter Suffering
from Headache.**

Mr. James Ardlinger, wife and daughter came near being suffocated by the fumes of burnt gas last Wednesday night. The father and mother were awakened by the cries of the daughter who was suffering with a headache which she attributed to the fumes, and as Mr. Ardlinger got out of bed he dropped to the floor. He then attempted to put on his socks and slippers but was unable to do so. Realizing what was the matter he made a desperate effort to get to the outside door which he managed to do. He opened it wide to let the house out and went outside himself and stood in the snow in his bare feet a few moments, after which he called the doctor, who arrived for Mrs. Ardlinger and the daughter.

The trouble was caused by the burnt gas fumes escaping in the house, the stove not being properly adjusted or not sufficient ventilation to carry the fumes up the chimney.

Two Million Eggs From the Orient

With the yellow race problem at an acute stage in America, it would make interesting physiological history to know exactly what the Chinese think of their Chinese sisters. (Mr. A. Block, of Shanghai, created a mild mercantile sensation in Vancouver, so says the Monetary Times correspondent, when he landed there on the "Empress of Russia," with 2,000,000 eggs for the local market. Mr. Block tried the markets of Seattle and San Francisco with 2,000 and 1,000 cases. They sold so well that he went next to Vancouver with over 5,000 cases. Eggs, we are told, are bought in China for about three-quarters of a cent, as we know money. They are shipped in cold storage, and landed on Canada's Pacific coast in good condition and maybe not over a month old. The wholesale price of eggs during this notable week was not lower than 45 cents. Mr. Block thinks that if he sells at 30 cents he can make good business and make money. About the end of the year, the price was 75 or 80 cents retail, but now a fair article can be secured for 50 cents.

The statistical performance of the Canadian hen has not been spectacular. If original competition becomes a permanent market factor, and our native hens adopt labor union principles, we may yet have to feed on eggs produced by birds whose diet includes lavender tickets and the hardest language on earth.

Receive Large Bequests From Strathcona Estate

In the will of the late Lord Strathcona several Canadian institutions are to receive large bequests. The Royal Victoria College, Montreal, is given \$200,000; Royal Victoria Hospital, \$100,000; Principal Church of Canada Presbyterian Church, \$12,000.

Yale University, of the United States receives \$50,000 for a chair of Agriculture.

Lord Strathcona settled his Scottish estate and \$200,000 on his heirs according to the title.

Returns From Convention
Rev. R. V. Hinkle, who went to Regina last week to attend the Baptist convention, returned to Redcliff last Wednesday. He reports of having a good meeting with a very good attendance from the Western provinces.

LADIES' NIGHT A BIG SUCCESS

Ladies' night at the Redcliff Club last Tuesday, proved to be a very successful affair. Cards and billiard games were the order of the evening, after which a light lunch was served. All those present had a very pleasant time. The first Tuesday in each month has been designated as ladies' night by the Club and the way the ladies turned out last Tuesday evening will undoubtedly make it one of the social features of our city in the future.

The Great T. A. Hildebrand and his family will continue for the next two days. They now while your dollar from Double Duty.

HIS ARM BROKEN AND HAND CRUSHED

Mr. Arthur Fox who has been in the employ of the town doing scavenger work, met with a very bad accident last Saturday. While at work with one of the tanks used by the town in its scavenger department, it was in some manner tipped over onto his right arm and hand, crushing the arm at the wrist, and breaking some of the bones in the hand. He was attended by Dr. Wall, who set the broken bones, and dressed the hand to his hand. At last accounts he was doing well.

FREE EXPRESS DELIVERY APRIL 1st

The Dominion Express Company has decided to put on free delivery April 1st, in the business district. This matter was taken up with the company some time ago, but the company was of the opinion that business would be light during the winter months and consequently postponed its inauguration until the spring.

To Resume Operations On March 1st

Manager I. H. Bryant informed the Review the other day that the Redcliff Clay Products would resume operations on March 1st. This means that about 40 men will be given employment. Mr. Bryant says that a large number of inquiries are being received for brick, and that he expects a good business in that line this year.

The other two plants have been running all winter with reduced help but will be running with a full force shortly.

ALTAR SOCIETY TO GIVE DANCE

The Altar Society of the Catholic Church will give a dance next Tuesday night, February 10th, at Maple Hall. The society hope to have a large turnout. A full orchestra will be in attendance.

Rooming House Leased to an Eastern Party

The rooming house on Fourth Street just north of First Avenue, north east, has been leased to a lady now in the east. She has also taken an option on the house, room on the first floor until she arrives in Redcliff, which she expects to do about March 1st. She has had a long experience in the hotel business and it is quite likely that when she arrives she will decide to run the down-stairs for restaurant purposes. The house has 19 rooms with bath and toilet, and if run properly should be made a paying proposition.

COUNCIL MET TO AMEND BY-LAW

**Held Meeting Tuesday Night
—Only One Matter
Acted On.**

The Town Council met Tuesday night in the offices of C. W. Bain, the Mayor and entire council being present.

The meeting was called for the purpose of amending the \$20,000 by-law that was passed by the old council nearly a year ago. The amendment was given its first and second reading and by unanimous consent placed on final passage. The by-law, as amended, calls for the payment of interest and principal at the Royal Bank in either Toronto, Montreal or New York City, instead of the Imperial Bank at Redcliff.

No other business was transacted, but an informal discussion took place over the question of a sewer system. This matter will undoubtedly have the serious consideration of the council in a very short time.

MOTOR WORKS FINE CATALOG

The Redcliff Motors Company have just got out for distribution a catalog, giving a description of the different machines they manufacture. It is a well gotten up catalog and its illustrations and descriptive matter are complete in every detail. The trucks and buses turned out by this company are of the best quality and should find a ready market.

REDCLIFF TO PLAY THE HAT TONIGHT

The Medicine Hat hockey team will come up to Redcliff to-night to meet the local team. The game will be played at the skating rink and will start at 8:30. A large turnout from the Hat is expected and the Redcliff people should be out in force and encourage our boys to victory.

Investor Here.
Mr. John Nairn, of Winnipeg, spent Sunday and Monday of this week in Redcliff. Mr. Nairn is a heavy investor in Western Canada and the Redcliff is the best town between Winnipeg and the Coast.

REDCLIFF

Once upon a midnight dreary, as I waited vain and weary,
While the C. P. slowly vended to the fair Saskatchewan;
Suddenly the brass front broke, in a voice quite hoarse and shaky,
Shouted Redcliff, "Out for Redcliff," and the iron horse joggled
Joggled away into the darkness.

In that land of bluff and lauder,
You may wish that you were dead.

In the distance lights were gleaming, from the hotel windows streaming,
Streaming in the midnight light, while the village calmly slept;
With my great coat buttoned tight, I crossed snow clad fields quite lightly,
To a street lamp and under a bush, I hid myself and crept.

Asked the lamp post for direction,
But the post it silence kept.

Later I found the hotel cheerful, nothing lonely, nothing fearful,
Night clerk suave, kind and ready, to provide a kindly bed;
In his arms old Morpheus took me, my old fears quite forsook me;
Even dreamed of home and mother, brought with them the family feud;
Breathed a sigh of sweet contentment,
God was reigning overhead.

Eagerly I saw the morning sun the busheless air adorning,
And without a thought of warning, bid the temper quiver be gone;
All around the live and seething heart, a business air was breathing,
And I cried, I'll never leave you, with the glorious sun shines on
Redcliff, pride of the Dominion.
Redcliff on Saskatchewan.
E. L. AULMAN.

THE MONEY STRINGENCY OVER

Investors Now Making Inquiries of Municipalities for Investments.

A VERY HOPEFUL SIGN.

Sixty Days Ago Municipal Debtors Were a Drug on the Market.

That the money stringency is over is evident from the number of inquiries now being received from financial agents by the different western cities asking what debtors they now have for sale or are likely to have this year.

Secretary Treasurer Clow, of this city, informed the Review this week that there has lately been a mail for the past ten days that has not brought out or more of such inquiries.

These inquiries are coming from England, Eastern Canada and the United States, and go to show that as soon as spring opens business will resume its old-time vigor throughout the country.

TWO FREIGHT CARS TURNED OVER

Two freight cars left the track of the Clay Products yard near the plant yesterday and fell over on their sides. They were quite badly smashed but no other damage was done, none of the train crew being on the cars.

REAL ESTATE SALES FOR THIS WEEK

J. I. Landis & Co. announce the sale of two lots in block 26 of the original town site, with several other deals pending.

H. O. Wheeler sold lots 8 and 4, block 21, Lockwood subdivision last Wednesday to Joe. Mill.

The Stoner Agencies also report the sale of two lots in Lockwood subdivision and the party who made the purchase intend building on them as soon as mild weather sets in.

The Shipley Investment Company sold lot 6, block 122, of the original townsite, this week to E. F. Hunt.

MEATS AND BUTTER FROM NEW ZEALAND

Another large shipment of meats and butter is en route to Canada from New Zealand, according to a report sent to the Trade and Commerce Department by Trade Commissioner Birkbe at Auckland. The steamer Maritaka is now on the Pacific route for Vancouver with 25,000 boxes of butter, 1,107 quarters of beef and other items of general consumption. The shipment of butter is the largest ever taken to Vancouver. The Canadian consumer will have to pay upward of \$60.00 in customs duties on this one shipment alone.

TO OPEN AN UP-TOWN OFFICE

The Review was reliably informed this week that the C. P. R. intends to open an up-town telegraph office shortly. This will be a great convenience to the business public and is being opened none too soon. The office location has not yet been selected.

The Mock Parliament

The first session of the Mock Parliament will begin on Monday evening, 9th inst. at eight o'clock in the Presbyterian Church. The Parliament has a membership of over twenty. The main matter to be discussed at this meeting will be a bill introduced by the Premier to amend the Traffic Act along the lines advocated by the Liberal party in the Federal Parliament.

Interesting food stuffs from duty imports. This is the most live question in present practical politics, and a keen debate is expected. All are welcome to seats in the audience.

New Houses for Lockwood and Phoenix

Several new houses are to be built in Lockwood and Phoenix subdivisions just as soon as the weather will permit. These are being built to accommodate the employees of the shoe factory and other manufacturing establishments that are to be erected this year. About 40 houses will be needed to take care of the shoe factory employees alone.

C. N. R. Loan Being Taken
London, Feb. 4.—The Canadian Northern railway 44 percent, loans for \$1,350,000, are being underwritten. The issue, probably at 95, is guaranteed by the province of Alberta.

Returns From The East
Mr. R. J. Crow, who went east about three weeks ago, returned to Redcliff the first of the week. He reports having had a pleasant time and says the business outlook is bright.

SOUTH TOWN FIRE YESTERDAY

**Fire Department Called With
The Thermometer at
40 Below Zero**

A DEFECTIVE CHIMNEY

House Owned by W. T. Lockwood—Loss About Seven Hundred Dollars.

The people of Redcliff were startled yesterday morning about 9 o'clock by the sound of the shrill whistle of the fire department and on investigation it was discovered that the two-story brick residence of Mrs. W. T. Lockwood, on the south end of town, was on fire. The fire department arrived before any great amount of damage had been done by the flames but the firemen had a great deal of difficulty in locating the fire, as the house was filled with smoke. After a good deal of delay it was discovered the fire was between the roof and the ceiling of the second floor, and after ascending to the roof and chopping a hole the fire was quickly extinguished.

The house was occupied by Mike Kipta and family, who succeeded in saving most of their household effects.

The fire was evidently caused by a defective chimney as there was apparently no other way it could have caught fire where it did.

The house was the property of Mrs. W. T. Lockwood, and the damage is estimated at from six to seven hundred dollars, which is covered by insurance.

The fire fighters feel highly gratified to be the ladies living near the fire for the hot coffee furnished to them during the progress of the fire, and also for the privilege of entering their homes to get thawed out when the cold became unbearable.

BILL TO ABOLISH DEATH PENALTY

A bill has been introduced in the Dominion Parliament at Ottawa, by Robert Bickerdike, member for St. Lawrence division, Montreal, to abolish the death penalty. The bill has been given its first reading and is expected to receive its second this week.

Rosery Construction To Commence Soon

The Redcliff Rosery and Green House expects to commence construction work very shortly. Mr. Macdonald informed Mr. Wheeler a few days ago that the material was on the way and was expected here now most any time. This business establishment is to be built in the south-west end of town, and will eventually be one of the largest of its kind in this western country.

English Cup Finalists Coming to Canada

Most likely the English association football cup finalists will make a tour of Canada during the summer of next year, according to advices received at Montreal. Preliminary arrangements are being made by Con Jones, the Vancouver lacrosse magnate, and F. J. Wall, secretary of the Football Association of England. A side attraction talked of is an exhibition game at San Francisco.

POST OFFICE ACCOMMODATION.

The Board of Trade or the Town Council should take up the matter of better Post Office accommodation, with the postal authorities, with the postal authorities. The present building would be a disgrace as a Post Office building in a mining or lumber camp.

One morning this week the editor had occasion to go to the office for mail, and found the two young ladies in charge actually shivering and suffering from the cold.

There is only one stove in the building and it is utterly impossible to keep it comfortable in cold weather.

Then again, the accommodation is entirely inadequate. Take for instance, in the afternoon it is utterly impossible for anyone to purchase stamps while the mail is being distributed. There should be a stamp window where stamps, postal cards etc. are sold exclusively, so that a party going to the office at 1 p. m. would not be compelled to remain there until 3 o'clock. Then again there should be at least three windows for the general delivery. To a business or working man, time is money, and citizens should not be compelled to wait in line such as is witnessed daily at the Redcliff Post Office.

In every other town and city throughout the Dominion the Post Office are conducted in the interest of the public, while here it appears the public must wait the convenience of the postal authorities.

The postal system is a very important necessity in the business world, and everything possible should be done to make it convenient to the public.

DISGRACEFUL CONDUCT

One of the most disgraceful affairs ever heard of in connection with a city council, occurred at Edmonton last week. One alderman is reported to have called another a cur, liar, thief and a crook, and said that he had better take his seat or he would kill him.

A city that will elect such men to its council has very little respect for itself, and the sooner some lawful means is taken to get rid of the Edmonton council the better it will be for the city.

We have no desire to meddle with other city affairs, but Edmonton is the Capital of the Province of Alberta and such conduct on the part of public officials is a reflection on the whole province.

PAUL J. RAINEY'S AFRICAN HUNT

First Time in Western Canada
At the Empress
Theatre Redcliff

The Paul J. Rainey African Hunt Pictures illustrate in detail, the famous expedition of Paul J. Rainey, the well known Cleveland millionaire, who at an expenditure of over \$250,000, conducted the greatest hunting party known in the world's history. Mr. Rainey, unlike other hunters who in the past penetrated the most inaccessible portions of Africa in search of big game, employed in his endeavors the aid of one hundred American dogs. These dogs were first trained in hunting big game in the cane-brakes of Mississippi and Louisiana. Their successful course was inspired by Mr. Rainey, that he felt sure that the dog, and not the lion, is the king of beasts. To this point, he set out from America for Africa, and the story of the achievements of these dogs is told in a series of marvelous motion pictures, which will be seen at the Empress Theatre Redcliff on Wednesday evening Feb. 18. Among the many pictures taken is that of the water-hole, which is said by Professor Osborne, President of the Association of Natural History, and the Dean of the Faculty of Pure Science at Columbia, to be the greatest contribution to natural science of the past decade. The pictures of the water hole were taken after a photographer had spent three days in a tree, waiting for the animals to emerge from their jungle homes. Here are shown such animals of the jungle as Zebras, elephants, rhinoceroses, giraffes, deer, monkeys, etc., who come down to the water-hole to relieve their thirst and bathe. From the pictures of these animals, it would appear that an armistice or truce exists between them, and the water-hole is neutral ground, where the animals meet, with an understanding that so long as they are there, they shall respect each other's peace.

Aside from the serious character of the pictures, many laughable scenes are shown, showing that the wild animals have a sense of humor. There are also many domestic touches, which are almost human in their character. As the pictures are displayed, a lecturer—a gentleman who accompanied the expedition—will explain in detail their character and the circumstances of the expedition, from its inception until its termination.—Adv.

For fire insurance in good strong companies see J. L. Landis & Co.

Fine Residence Finished.

Mr. Eaves' fine new house on Main street is another addition to Redcliff's high-class residences. It contains six rooms and two large closets downstairs and two large rooms and three closets upstairs, and is a very tastefully decorated throughout. The house is modern in every respect and is a credit to Redcliff, and it is hoped that Mr. Eaves or some one else will build others of a similar quality.

Close in residence, lots in water and gas. \$25. down, \$25. per month. Address Box 249, Redcliff.

Dollar Value of Religion

In the Presbyterian Church at eleven o'clock Sabbath forenoon, Mr. Gordon will preach on "Our Present Position and Power," and in the Empress Theatre at 7.30, on "The Dollar Value of Religion," a subject worthy the consideration of employers and employees.

Sabbath School meets at two o'clock. The United Bible Class meets at three-thirty.

On Wednesday evening at eight o'clock a very pleasant prayer and praise service is held in the Church, the subject of meditation at next meeting being Psalm 123.

On Thursday evening the Choir meets at 8.

ALBERTA WILL PROBABLY GAIN

The bill for the re-distribution of seats in the Dominion parliament will probably be brought down in a few days and according to census of 1911 Alberta should gain five, Saskatchewan six, British Columbia six and Manitoba five. Quebec will retain her present membership, while Ontario will lose three, New Brunswick two, Nova Scotia two and Prince Edward Island one. The Yukon with still less, her one member. This will make the membership of parliament 234, an increase of 13, and will give the western provinces a representation of 57 as against 177 by the eastern provinces.

Three Months Trial Test
Last Tuesday thirty students of the normal school of physical education, affiliated with McGill university started a three months' diet test. One section will take a "meatless three times a day" diet; 75 will resort to a meat-vegetable diet, while others will endeavor to subsist for thirteen weeks upon a "strictly scientific" bill of fare. The students will show up on June 3 for medical examination, and the experiment is being watched with considerable interest.

Brick Go Through Fire Before they Go to You.

They are made from clay and the clay is burned in a heat that averages 2500 degrees Fahrenheit—a heat far greater than any fire they will ever be called upon to pass through in the walls of your house.

This is what makes Brick Fire-proof.
That is what makes Brick Frost-proof.
This is what makes Brick Imperishable.

Build Your Home of Brick—ITS ECONOMY

True economy not only takes in the first cost but the cost that is to come. Brick houses of average construction cost but a few dollars more than lumber or stone—say \$150 on a \$3,500 house. But when they are erected cost stops. There are no repairs to be figured on. There is no painting to be counted in every 2 or 4 years. There is no depreciation in price, consequently your house will sell for what it cost you, plus the increase of the value of your lot in the meanwhile. There is a reduction in the insurance rate of 37½ per cent over concrete or stone and more than 30 per cent over lumber. There is a reduction in fuel bills because brick keeps out the frost in winter. There is comfort in summer because brick keeps out the heat. And above all you can borrow more money from your bank on a brick house ten years after it is constructed than you can on a lumber or concrete house the same value in the same period of time. When you build, build for true economy.

Cheer Up Says Monetary Times

The Bank of England rate was reduced on January 24th from 5 to 4 1/2 per cent., on January 22nd from 4 1/2 to 4 per cent., and on January 20th from 4 to 3 1/2 per cent.

The sale of \$51,000,000 New York State bonds was successful beyond the best anticipations last week.

Sir George Parish predicts a long period of easy money, which will become more abundant and cheaper as the year advances.

Sir Edward Holden, while advising proper caution, says it would be a mistake policy for British investors to button up their pockets against further Canadian loans of good standing.

The Bank of England, the Bank of Germany, and the leading banking houses of Belgium, Sweden and Vienna reduced their rates last week, and the Bank of England again this week.

Sir Felix Schuster predicts greater monetary ease and further development of international commerce.

South Vancouver, North Vancouver and Calgary loans in London were fully or over subscribed.

Be optimistic and economical, therefore, and encourage production in field, forestry and mine.

Baptist Church

Sunday services in the New Theatre on Third street.

Morning worship 11 o'clock. Subject: "Lead Us Not Into Temptation." This is the fifth and last of the sermon's on the Lord's Prayer.

Children's sermon: "The Turkey Parade." Bible school 12 o'clock. Evening worship 7:30 o'clock. Subject: "These Three." A sermon in word pictures.

At the close of the evening service the collection of the Lord's Supper will be observed. Strangers are welcome at all of our services.

When Tied Together

An Irish couple, whose married life was not without a few "squalls," received a homely lecture from their spiritual adviser regarding their disagreeable quarrels.

His Reverence: "That dog and cat you have agree better than you."

The reply somewhat upset him.

"If my reverence, I told them light they, ye'll soon change yer mind."

BREVITIES

The weather again is looking up for best time. This on balance is a kind of get-up-and-go, the only one that is enjoying it see the stage houses of the One Company.

Recently, turn out tonight and watch our hockey team put it all over the Hat. May be.

When Jan. 31, 1914, to Mr. and Mrs. B. B. Richardson, a son. Both mother and babe are doing well.

Mrs. E. F. Hurd, who has been visiting with Minneapolis friends for the past seven weeks, returned to Redcliff yesterday.

The First Letter

She was giving orders at express rate, for they were married; and he was a ripe the most modest and submissive of husbands, like the proverbial woman, beginning to turn.

"Do you think," he inquired, "that you rule the whole of the universe?"

"No," she answered, "but I rule the first letter of it."

Coming Your Way!

Did it ever occur to you that you might get trade
coming your way if you but invited the People to
buy from you? You can do this through the
medium of THE REVIEW.

THE BROADWAY DEPARTMENT STORE

Has grown up with the town and studied the conditions in Redcliff
(such as CASH and CREDIT)

We have built up a large business and carry a large stock, thus the cost of
doing business is very small. We believe that we can still increase our business
and make it more satisfactory to our customers and ourselves by giving a
CASH DISCOUNT of 10 Per Cent. on all lines except Groceries, and **5 Per
Cent. CASH DISCOUNT on Groceries.**

IT COSTS MONEY TO KEEP BOOKS

Discounts Commence on and after Saturday, February 7.

LON BARBER
